Subject: **Legal Notice qua airing of Derogatory, Disrespectful, Incorrect and biased remarks against Veterinary Doctors.**

Sirs,

Under instructions and on behalf of our client namely M/s Indian Veterinary Association, registration no. S/2093/2019, (Through its President) and having office at B – 12/1, Double Storey, Ramesh Nagar, New Delhi – 110 015, we hereby serve this legal notice upon you:

This notice is on account of airing of an Interview by a Doctor (unnamed and unintroduced) on a program aired on Times Now Navbharat, on program Nyay-Yudh on August 17, 2024. The clips of the said interview are still live and repeatedly being accessed and viewed on You tube. One such video link is:

https://youtu.be/QDSamlCvcc0?si=GI_ZBpUFNhz6SLOr

The extremely derogatory, disrespectful and malefic comments have been made by the speaking Doctor twice on the said video, the first comments against the Veterinary Doctors have been uttered in the duration of 00.30 to 00.35 in the said video and then again during 01.45 to 01.55. The same have not been reproduced herein.

My client is extremely concerned on the manner in which such derogatory remarks have been uttered in this video and the same has been aired and continuously available to be viewed.

My client is pained that the utterly inhuman, barbaric and unthinkable crime committed at RG Hospital, Kolkata, which is being discussed in this video, the speaking Doctor openly compared and termed the perpetrators of this barbaric crime were termed and compared and expected to be Veterinary Doctors. These comments are against the profession of Veterinary Doctors as a whole and totally uncalled for. The statements made were not only inappropriate but also demeaned the professional integrity of veterinarians who have been steadfastly supporting the Indian Medical Association (IMA) in the ongoing protests and justice efforts related to the RG Kar Hospital incident.

Given the collaborative efforts between medical professionals and veterinarians, such comments undermine the mutual respect and solidarity that our client strives to maintain.

Therefore, now upon the instruction of my client, I hereby call upon you:

1. **Addressee no. 1** to immediately remove the aforesaid video and other such videos showing the same interview repeatedly, **OR** have the relevant parts of the video wherein such

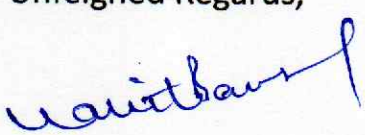
comments have been made against Veterinary Doctors muted or edited or removed immediately.

2. **Addressee no. 2** to immediately identify the Doctor making the comments at the mentioned portions of the video marked above from your records and provide all details pertaining to the said doctor to my client immediately to enable my client to initiate further proceedings against the said Doctor as per law immediately.

3. **Addressee no. 3** to immediately remove the aforesaid video and other such videos showing the same interview repeatedly from your Youtube Channel, **OR** have the relevant parts of the video wherein such comments have been made against Veterinary Doctors muted or edited suitably.

The comments made by the Doctor in the above - mentioned video clearly fall under the definition of certain crimes as per the Bhartiya Nyaya Samhita. Continuous availability of the aforesaid video and its reproductions, despite receipt of this legal notice makes you all guilty of the same crimes as committed by the person making these comments in the aforesaid video and my client has instructed me to initiate further legal proceedings against you all in the event of your failure to comply with the directions issued in this notice.

Unfeigned Regards,



Navit Bansal
